## Get Your Boat Ready Now

### *Above & Beyond Marina Services*

It's been a long winter and we are all ready for a summer of fishing, boating, fun and sun with family and friends at Kinkaid Lake. Did you know that the crew at the Kinkaid Marina go the extra mile to take care of our valued customers? We'll clean up your boat, fill it with gas, perform any repairs if needed, tune up the engine, or anything else you need. Leave the work to us! We'll pull it out of the water, into the shop and put it back in your slip. All you have to do is drive to the Marina and enjoy the lake. We have special marine additives in our gas to help protect your fuel in cold weather; at competitive prices. For those of you who don't yet own a boat, you can still enjoy lake life by renting one. Choose from small fishing boats with 9.9 HP motors, a larger fishing boat with a 90 HP engine, large pontoons and kayaks for the perfect weekend of fun with friends. No monthly payments, no insurance, no trailering, no hassle! Leave the work to us and just bring your family. Enjoy the indoor and outdoor bars and treat yourself to breakfast, lunch and dinner.
