

# MARINA MATTERS

## Kinkaid Lake Marina

### Boat Rentals

Don't have a boat but want to enjoy fun on the lake? No problem! Rent a pontoon, kayak or fishing boat and leave the work to us. Call in and reserve yours. Bring your family and enjoy fun on the lake.

### Quick Store is Open

We are open and offer food, beer, liquor, ice, boat parts, bait, fishing & boating supplies, sunscreen and more.

### Boat Shop

We have specially formulated gas at the Marina for your boats and at the main building for your vehicle. We also have food, beer, drinks and bait both at the boat dock gas station and in the main building on your way in.

### Marina is Open

*Summer Fun Returns - LakeSide Store Expanding*

Summer is back at Kinkaid Marina with people enjoying the sunshine, fresh air and some well deserved relaxation. The restaurant is not yet open due to the virus but check out our Facebook for future updates. Boat ramps are open, folks have enjoyed some great fishing and summer fun is in full swing. You will note that we are tripling the size of our LakeSide Shop on the boat rental dock where you can gas up with high grade fuel for your boat. You can get fishing licenses, ice, soft drinks, beer, light food and sandwiches, fishing gear, minnows, sunscreen and other must have items. You can also visit our shop on shore near the entrance. Rent one of our boats for a great day on the water or a fishing boat to get to those special spots. We have a new fleet of kayaks for rental and enjoy the many scenic coves. Leave the troubles behind and enjoy nature at its best at Kinkaid Lake.

## Meet Michael Rampley

Michael is the third member of the ownership team at Kinkaid Marina. Mike is a retired Gunny Sergeant with the US Marine Corps who had 20 years of service. He was stationed overseas for the majority of his time in the military but returned home to become a recruiter before retiring in 1997. After retiring from the military, he created G & R Imports (Jackson, MO) a small business focused on importing goods from overseas. It has grown into one of the largest Japanese minitruck suppliers in the US. He has since started and manages several other small businesses in and around his hometown in Jackson, Missouri. His experience in the military, living overseas, running multiple businesses, mechanics and recruiting has been valuable to solving problems quickly and bringing in a friendly team to make the Kinkaid experience as wonderful as it can be. In Mike's free time he enjoys Jeepin', BBQ'n, Boat'n and general redneck'n...he is always ready to have a good time.

## Camping Amenities

*Boating, Camping, Marina, Gas, & LakeSide Store*

Kinkaid Marina is open year 'round for camping, boating, gas, service on boats & motors, personalized service on marina slips and so much more. Before the virus restrictions, our bar and restaurant earned a great reputation for its fantastic food and ambiance with the best views in the area, above beautiful Kinkaid Lake. While the restaurant is still closed, it will hopefully reopen soon. In the meantime, you can still check out our store for ice, soft drinks and cold beer. You can purchase your camping and boating items either on our lakeside shop at the gas station or on the hill near the entrance. Either way, we provide great service seven days a week. Our boating and camping supplies are well stocked. Live minnows and bait and other fishing needs are ready when you are in the mood to catch some big ones. Or simply rent a large pontoon or fishing boat to take family or friends for a day of relaxation and fun in the sun. Kinkaid Lake is spectacular in all seasons. Enjoy a few photos of some of our favorite spring shots with the white pelicans in April and the overflow at Kinkaid Lake dam in May. The rock formations around the lake are always beautiful and make for some great photos. Enjoy and come visit us soon. Call us for information on camping or boating at the Kinkaid Marina (618.687.4914). Photos by Dan Williams.
